

As a resident of Loveland, Colorado, K-LOVE is the radio station I depend on for news and entertainment. It provides positive and encouraging music and messages without commercials for myself and my family and my friends. If it were displaced by a LPFM broadcaster providing other programming, it would be a huge loss to me and the members of my community. The K-Love station is necessary to the public interest of my community, because of the unique services it provides in such a positive way. News and music are available in many forms on the radio dial, however K-LOVE provides these services in a uniquely encouraging way vital to our community. It's great to have a station that's enjoyable for the kids and the grandparents and everyone in between!

Thanks for hearing my comment. Judy Balla
